

RESPONSIBLE GAMBLING

Our main goal in providing information is to ensure our patrons have the resources to develop and practise responsible gambling behaviour.

GameSense kiosks and brochures are located in all casinos and can also be found at **SIGA.ca**.

GameSense brochures provide information on the games, tips for keeping gambling safe and include a self-assessment for risk.

SIGA casinos also host events annually in May during Responsible Gambling Awareness Week to promote gambling awareness.

SUPPORT IS AVAILABLE

24 hours a day, 7 days a week.
Confidential and free.

RESPONSIBLE GAMING STRATEGY

**What you need to know about the
SIGA Responsible Gaming Strategy**

GameSense

Playing games in any SIGA Casino can be an exciting form of entertainment. The games are best enjoyed when you use your GameSense.

What is GameSense?

Gamesense is an innovative, award-winning program designed to promote informed choice and healthy gambling behaviour.

Use your GameSense is a reminder to our patrons to have fun and to make good decisions about their level of gambling.

Responsible Gaming Strategy

The SIGA Responsible Gaming Strategy has two main goals:

- 1. To provide casino entertainment in a socially responsible manner.**
- 2. To provide resources so that patrons can develop and practice responsible gambling behaviour.**

The GameSense material provides four key responsible gambling messages to patrons:

Entertainment: SIGA casinos are a place for fun and entertainment.

Randomness: Casino games are designed to be random and unpredictable.

House Advantage: The house has the advantage in all games.

Safety: SIGA is concerned about your safety while you are a guest at our casinos.

We want patrons to have easy access to the material and to know the following information:

How Gambling Works:

Knowing the rules and how to play the game. Understanding the games are made to be unpredictable and the house has an advantage.

Awareness of Risks:

Understanding gambling involves taking a risk.

Responsible Gambling Tips:

Knowing how to keep gambling safe and fun. For example, setting limits on time and money spent or cashing out when you are ahead.

Problem Gambling Resources:

Knowing where and how to find help if gambling is becoming a concern.
